Estate Millwork, Inc. in Pittsburgh, Pennsylvania, is a custom maker of wood shutters and louvered doors that are constructed from hand selected premium woods using precision techniques that were developed in the days gone by. They take the extra trouble to use old fashioned mortise and tenon joinery which gives their custom products historical authenticity and structural integrity. They offer Elegant Outdoor Shutters, Custom Doors and Cabinet doors, hand made to order with state of the art technology and 18th century craftsmanship.
