HomeLift, Inc. represents the nation's leading manufacturers of mobility and accessibility products, including stairlifts, elevators, and wheelchair lifts. The company's skilled sales engineers and factory-trained service technicians provide the highest quality sales, installation, and service. Headquartered in Nashville, Tennessee, HomeLift has been serving the entire mid-south for over 30 years. The company operates parts of Tennessee, Alabama, Kentucky, and Mississippi. Stairlifts are a growing trend in allowing people to age at home. Stairlifts are designed to safely and comfortably transport you up straight, curved or spiral stairs allowing you to maintain independence without making any dramatic changes to your life or structural changes to your home. The company also offers Wheelchair Lifts, Dumbwaiters, and other accessibility products. HomeLift offers quality Service and Maintenance for any products purchased.
