

Clarum Homes

412 Olive Avenue
Palo Alto, California 94306
United States

Phone: (650) 322-7069

Clarum Homes specializes in the building of custom homes using green building methods, and is located in Palo Alto, California. Clarum Homes has been building custom homes since 1994, exhibiting a dedication to sustainability and a commitment to the green building movement. The company also provides green renovation services, using energy efficient technologies and design, as well as general contracting services. Its services are described in detail on its web site, which includes photographs of completed homes and designs of current projects, a blog, and other resources.
