Pishny Restoration Services is a preservation and restoration contractor, specializing in historic buildings, located in Lenexa, Kansas. Headquartered in Arkansas, the company accepts projects worldwide, and is composed of two business units: historic building restoration and cemetery and monument restoration. One unit specializes in historic building restoration of masonry, plaster, steel and wood windows, steel and wood doors, and finish carpentry elements, working alongside preservation architects, conservators, and engineers. The other unit performs marble and granite grave marker repairs, monument repairs, bronze restoration, and iron fencing restoration.
