Northwest College of Construction offers courses at all levels of the construction industry. The school is located in Portland, Oregon. NWCOC is a licensed career school with the state of Oregon, and an administrator of apprenticeship training programs. The privately funded, non-profit educational facility offers craft, technical, supervisory and management courses for workers and managers at all levels of the construction industry, using curriculum developed by the National Center for Construction Education and Research. Its equipment certification, technical training, craft skills, leadership development, and safety programs are defined on its web site, along with a full course schedule.
