Bay Mechanical & Electrical, in Lorain, Ohio, provides top-notch industrial mechanical and electrical services for high-profile projects across Ohio. The company is unique in its wide variety of service offerings, ranging from electrical, HVAC, plumbing, crane and rigging services, and more. Combined with their commitment to service, quality, and customer satisfaction, you can trust them to get the job done right. As with all successful companies, employees are their greatest asset. Bay is committed to providing continuous safety training and the latest in safety and personal protective equipment. At Bay, safety starts at the top; and providing employees and customers with a safe, drug-free workplace is of the highest priority. As a six-time Diamond Safety Award winner, Bay Mechanical takes safety seriously. The company also keeps the public's safety in mind as they design and build-out projects for its clients.
