Fontana, California 92337
United States

Phone: (909) 357-0711
Fax: (909) 357-0715

AMS Paving, Inc. has been providing quality paving and maintenance services throughout Southern California since 1981. The company handles many different types of projects, from small patches to full removal and replacement of all asphalt. AMS Paving will provide you with a detailed estimate, and ensure all your project needs are met. They recycle asphalt every time possible. This process helps save natural resources by re-using the old brittle asphalt as part of a new asphalt mix. Recycling asphalt also helps reduce the cost in disposing of old asphalt, saving the customer money. AMS Paving services all of Southern California. AMS Paving operates in the Coachella Valley, Los Angeles, Imperial, Orange, Riverside, San Bernardino, and San Diego counties.
