Alpha Structural, Inc is a leader in foundation repair, structural repairs/upgrades, and earthquake retrofitting, serving Los Angeles and Southern California since 1993. The company can perform earthquake retrofitting, house bolting, and complete seismic retrofitting of commercial structures to help protect them against small tremors, shifts in the earth, and vibrations that can cause foundation wall clashing. In addition, Alpha Structural specializes in home earthquake retrofitting, house bolting, foundation bolting, and residential seismic retrofit. Alpha Structural can handle all of your earthquake retrofitting and house bolting needs. Alpha Structural is an equal opportunity employer and does not discriminate against any employee or applicant for employment based on race, color, religion, national origin, age, gender, sex, ancestry, citizenship status, mental or physical disability, genetic information, sexual orientation, veteran status, or military status.
